### Mass Convention.

The Democrats of Powell county met July 11, 1908 pursuant to call of the District executive committee, P. L. Faulkner called the meeting to order in the absence of the County Chairman and Secretary.

A. H. Norton was unanimously elected Chairman and R. Jackson was unanimously elected Secretary.

The following resolutions were offered and carried:

Resolved, That we the Democrats of Powell county in convention assembled to send delegates to the Congressional Convention which meets at Irvine July 15, and having full confidence that the Hon. S. S. Taulbee, of Breathitt county is a true Democrat, capable an honest and his nomination for Congress in this district would add material strength to the party, we therefore instruct our delegates to cast the vote of Powell county for him in said convention and to use all honorable means to secure his nomination.

A substitute for the above resolution to send delegates to the convention uninstructed was lost by vote.

The following delegates were appointed to attend the general convention at Irvine July 15:

John D. Atkinson, G. M. Derickson, M. R. Lyle, J. M. Kennon, W. D. Clark, P. L. Faulkner, J. S. Ewen, J. E. Lemming, M. A. Phillips, C. Shimmessel, H. C. Warmouth, A. H. Norton, J. E. Burgher, Geo. Stephens, T. J. Fletcher and Luther Loving.

Judge Taulbee, of Jackson, and ex-Congressman J. B. White of Irvine, addressed the convention with pleasing and assuring words.

### Big Show.

Don't forget the big Sun Bros. show which will exhibit in Clay City Thursday, July 30. This is one of the best and most complete shows that ever came to this town. The management is strictly honest and deserving. If you like to attend shows you will like this one. It certainly is an honorable amusement. This is a show that is not new to us it having been here three times before and each time the show has given our people universal satisfaction.

We are a day early this week on account of getting off to the Congressional convention which met at Irvine yesterday. We can't tell you now who the nominee will be, but assure you he is all right and will be the winning man this fall.

### Buggy for Sale.

Sun Bros. Railroad Shows at Clay City July 15.

### Call Meeting.

A called meeting of the City Council was held Monday night when it was decided to at once proceed against the Kentucky Union Company for failure to keep the bridges crossing their mill race on the streets in this city in constant repair in case the committee appointed to submit a statement of facts being unable to agree with the Company's attorney. Work on the bridges is now certain to begin in about ten days by either the city or the owner of the race.

A Kansas editor who paid little attention to punctuation is now defendant in a libel suit because he published an item as follows:

"Two young men went with their girls to attend teachers' meeting and after they left, the girls got drunk."

The comma should have gone after "the girls," but as it is the girls have gone after the editor.

Reese Horton who stabbed Gardner Nelson in an altercation between the young man's father and Nelson, appeared before Judge Derickson and waived the right to examining trial. He was released on \$2,000 bond to await the action of the grand jury at the November term of court.

### Farms for Sale.

Bluegrass farms for sale throughout Central Kentucky. Good business to exchange for farm. B. F. Adecock, Paris, Ky.

### Gone For Ever.

Ten years ago an Allen County Kansas, farmer put his initials on a dollar bill. The next day he went to the nearest town and spent it with a merchant. Before the year was out he got the dollar back. Four times in six years the dollar came back to him for produce and three times he heard of it in the pockets of his neighbors. The last time he got it back five years ago. He sent it to a mail order house. He has never seen that dollar since, nor never will. That dollar will never pay any more school or road tax for him, will never build nor brighten any of the homes of the community. He sent it entirely out of the circle of usefulness to himself and neighbors.

Mr. Everett Mosfield and Mrs. Ella Meeks, both of this city, were married at Stanton Thursday, July 9th. It was the third venture of both parties. They immediately settled down to housekeeping.

Nature has given to men one tongue and two ears that we may hear from others twice as much as we should speak.

The colored folks from Lexington who visited us knew how to behave themselves and did it.

### For Jailor.

We are authorized to announce Geo. STEPHENS as candidate for Jailor, subject to the action of the Democratic party.

We are authorized to announce JAS. F. MARTIN, candidate for Jailor of Powell county, subject to the action of the Democratic party.

### Bryan and Kern.

In the nomination of Wm. Jennings Bryan for President and John W. Kern, of Indiana, for Vice President the convention at Denver did a great deal for the party. Of course we all knew who would be nominated for President, but the question of the Vice President was very much in doubt, but the question was wisely solved. Many names were mentioned in this connection, but Kern seemed to be the man best suited to fill the place.

There is no excuse for a pull back by any Democrat, and we believe there will be none. The masses of the people have gotten tired of the way things have been going on in this country and well they should. A change seems pretty sure, and we may make sure of that. Hurrah for Bryan and Kern.

The platform adopted embraces the following and many other good things which should please every American citizen.

We favor an immediate revision of the tariff. Articles entering into competition with articles controlled by the trusts should be placed upon the free list.

\*\*\*

We favor an income tax and a national inheritance tax to reach the "swollen fortunes" already in existence.

\*\*\*

Both nation and states should ascertain present value of railroads, measured by cost of reproduction; prohibit issue of any more watered stock or fictitious capitalization; prohibit railroads from engaging in any business which brings them in competition with their shippers and reduce transportation rates to a point where they will yield only a rea-

sonable return on the present value of the roads.

\*\*\*

Emergency currency should be issued and controlled by the federal government.

\*\*\*

Both nation and states should ascertain present value of railroads, measured by cost of reproduction; prohibit issue of any more watered stock or fictitious capitalization.

\*\*\*

We are opposed to the admission of Asiatic immigrants who cannot be amalgamated with our population.

\*\*\*

We favor such a modification of the law relating to injunctions as will, first, prevent the issuing of the writ in industrial disputes except after notice to defendants; second, permit trial before a judge other than the one who issued the writ, and, third, allow a jury to be summoned in all cases where the alleged contempt is committed outside the presence of the court.

\*\*\*

"Equal rights to all and special privileges to none," is the overshadowing issue at this time.

\*\*\*

We insist upon legislation, state and national, making it unlawful for any corporation to contribute to campaign funds, and providing for publication, before the election, of all individual contributions above a reasonable minimum.

\*\*\*

We favor the election of United States senators by direct vote of the people.

\*\*\*

We favor the vigorous enforcement of the criminal law against trusts and trust magnates.

### Consumers Pay the Freight.

Do the catalogue houses sell goods cheaper than the home merchants do? No, they do not—they cannot and make a profit—and they are not surely in business just for their wealth. The price of some of the pictured articles in the catalogue is less than it can be sold by the home merchant and make a profit. These are leaders—stool pigeons to draw the flock to the trap. You will find that any live local merchant is willing to meet the catalogue prices when the quality of goods is considered. A stove is a stove, and a horse is a horse, but there is as much difference between two stoves as there is between two horses. Who ever thought of buying a horse from a picture of the animal? Yet many a man has bought a stove that way. It is fortunate for the catalogue houses that weight and finish do not show in a picture.

Aside from all considerations of policy, the most economical course of trade is from the jobber to the retailer and from the retailer to the consumer. No short cut has yet been found that will save anything to the consumer. The grange tried it and failed. As a rule the catalogue houses make a greater profit on their goods than do the retailers. This is evidenced by their tremendous growth. They handle cheap grades with an enormous profit added. They pay no taxes to the community in which they do business. They are the Ishmaelites of trade.

When we consider the fact that the larger catalogue houses pay out millions annually for advertising, and then from their own statements their profits run into the millions, we must conclude that there is exploitation somewhere—someone is

holding the bag. And as there are but two parties to the deal, it must be the buyer—the consumer pays the freight.

The State Treasury is still depleted with no hopes for immediate relief. Willson would do well to tell the people of the State where he thinks the Democrats got their money to do the business on. They always had a full treasury paid claims promptly and built a fine capitol and the Republicans say grafted thousands of dollars. Well where did they get so much money?

We would like for any one to point out a single objection to the Democratic platform. If there is a single plank in that platform that any honest man cannot indorse we will take pleasure in having it explained to us what it is. We don't expect the trusts and their subordinates to like it, but they will have to take their medicine just the same.

The Democrats of the Tenth Congressional district will look well to their best interests in putting out the best man possible in the convention now in session at Irvine.

The masses of the Democratic party named Bryan and Kern. Can you tell us who put out the other fellows?

Bryan and Kern sounds right to us.

### \$100 Reward, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

#### Great Amusement Event.

For the past few days the proverbial small boy-yes, and a large number of the big boys, too, some of whom have gray hairs in their whiskers have been keen observers of the multi-colored posters which adorn the bill boards announcing the fact, that the Great "So Different" Shows, the Sun Brothers' Greater Progressive Exhibitions, will appear at Clay City on July 30. While the Sun Brothers' Show does not claim to be the very largest or the "biggest show" on earth, it is conceded, one of the best all-around later-day amusement carnivals traveling in America.

The beauty of the Sun Brothers' entertainment is, the absolute freshness and cleanliness of everything presented. The "Main Top" performance is marked this season for the great number of new features and novelties offered, these are exploited—one act and one feature at a time, thus giving the auditors and patrons an opportunity of seeing and enjoying the whole program without any danger of being afflicted with a case of "rubberneckitis."

The wild animal display is a prominent factor with this show and must be seen to be thoroughly appreciated. Much pleasant instruction and profitable knowledge are to be gained from a visit to this all-embracing Zoology Exhibit. More can be learned in one hour spent with these living specimens of subjugated ferocity than in months and years with books. The trained animal contingent is also strong this season, and includes an immensity of trusted Menage and High School Horses, trick Elephants, comic burly bears, educated lions etc., all of their exploits are of a modern caliber and worth seeing.

The sensational free out-door attractions at 12:30 o'clock, are said to be really thrilling and of a most meritorious character.

## Syracuse "EASY" Washer

"Your machine is a complete success. I learned more about washing out of your little booklet than I ever would have from all the women you could stand in a row. I have been paying \$1.25 a week for washing when I can do the same in two hours with the 'EASY'."

J. M. BYRD, Hampton, Va.

"We have tried the 'EASY' and find it just as you represent it and the only washer I ever saw that does the washing clean without rubbing on the board. It is easy to work and does the washing thoroughly. It certainly has no equal."

H. E. ECKHART, R. D. 1, Box 4, Avella, Pa.

Make the washing easy for one-twelfth of the year at our expense.

Wash everything washable in the house. If you cannot make the 'EASY' earn its price during the house-cleaning season return it at our expense.

Pages 26-27 of our free book on Washing Formulas give you valuable information on washing flannels.
